Dear Mrs. Medford-Rosow,

On behalf of the Department of Counseling, Urban Male Initiative and most importantly the student recipients here at John Jay College of Criminal Justice, I would like to thank College Educational Milestone Foundation Scholarship for your generous gift of \$10,000.00. Your commitment to making a difference by helping students to pay their tuition and fulfill their personal and professional dreams is sincerely appreciated.

Our mission is to assist students who are highly motivated and are in the top percentile of their class, to achieve their goals. Your generous donation has allowed John Jay College of Criminal Justice to aid with the payments of tuition for some of these very bright and economically disadvantaged students.

Each semester, the College Educational Milestone Foundation Scholarship will make it possible for us to continue to advance our mission. Through your scholarships, we will see many lives changed for the better.

Thanks again for your generous donation to support our efforts in helping some of our brightest students and I look forward to further cultivating our partnership.

Best wishes,

John Jay CEMFS Committee:
